COURSE TIMETABLE

Timings and daily activities for the TECNOCEMENTO® On-site Training Course.

DURATION	START	VENUE
2 days	**08:50**	**On site**
Full days of training	Training team welcomed on the first day	At the company's prepared premises (see 005_FO_CD_001)

01 INTRODUCTION

The course is essential to understanding the full TECNOCEMENTO® systems process and establishing clear, direct communication between trainer and applicator.

Once enrolled, it is important to attend every session: punctuality helps us make the most of the training time. This document sets out the timetable, practical work and learning activities for each day, together with the elements involved: the prepared training space, tools, materials and substrates.

02 DAY 1

A COMPANY THEORY SESSION

08:50	Welcome our sales representative and trainer at the agreed meeting point.
09:00	Course opening and introduction. Distribution of the substrate treatment, application and maintenance manuals.
09:30	Introductory visual presentation ■ The substrate treatment process. ■ Applying TECNOCEMENTO® systems. ■ The importance of maintenance for our applications. ■ Theoretical, technical and commercial aspects.

B SUBSTRATE PREPARATION AND SYSTEMS PRACTICE

12:00	Initial process Application of TECNO REPARADOR®, TECNO REGULARIZADOR®, TECNO LEVEL® and TECNO LEVEL XL®, and use of TECNO CONSOLIDADOR®. ■ Application on vertical and horizontal surfaces.
13:45	Lunch break

C
